

Eolis Cameroon

1 | About

Eolis Cameroun, formerly «Société Transit Service - STS», is a subsidiary of Compagnie Fruitière Group, founded in 1992. Specialized in logistics and transport of refrigerated and perishable products, we are the exclusive contact for the banana industry in Cameroon.

With its subsidiary Terminal Mixte Fruitier de Douala (TMFD), concessionaire of the Fruit Terminal, we are major players in the transport of containerized, conventional and Ro-Ro goods at the Port Autonome de Douala.

Through our partnership with AEL «Africa Express Line» and EAGLE, Eolis Cameroun offers one of the fastest and most regular networks between Europe and Cameroon (in less than 15 days), with 2 calls per week.

Eolis Cameroun has a professional team specialized in handling and transporting refrigerated and perishable cargo, requiring a high level of responsiveness, adaptability and precision. We are also ready to make these qualities available to our customers for all types of logistics services.

Our logistics solutions are designed with you in mind.
